# Kim & Kim, Volume 1: This Glamorous, High-Flying Rock Star Life

## Synopsis

"The summer's funnest comic!" - The Mary Sue "Get this most excellent book!" " Gail Simone (Batgirl, Secret Six) "This outer space comic book series with a decidedly queer- and female-centric tale is what our modern culture needs." - The Advocate "The comic feels like Tank Girl set in the world of Cowboy Bebop. In short: very, very fun. Oh and BTW, both of the main characters are queer" • Kim D is a cisgender bisexual woman and Kim Q is trans and self-identifies as queer, though she's still sorting out the specifics of sexuality. Centering these characters was important for Visaggio, who was undergoing her own transition process while writing the series." - Bitch Magazine Kim & Kim are twentysomething besties out to make a name for themselves in the wild world of interdimensional cowboy law enforcement. In a massive "screw you" to their parents and the authorities, they decide to hijack some high stakes bounty and end up in way over their heads. A day-glo action adventure that's bursting with energy and enthusiasm, it puts queer women and trans women front and center, with a story that embraces the absurd alongside realistic pathos. Blending the punk exuberance of TANK GIRL with the buddy adventure wackiness of SUPERBAD (if Michael Cera was a trans woman and Jonah Hill a queergirl partner in crime), Kim & Kim focuses on the power and meaning of female friendships as engines of validation. A bright, happy, punk rock sci fi adventure that is queer as shit. "KIM & KIM is BLADE RUNNER meets JEM AND THE HOLOGRAMS" • high energy, infused with fun, unabashedly progressive, a hypermodern Rock & Roll adventure in an electric future! " Steve Orlando (Midnighter, Supergirl, Batman & Robin Eternal) "An intriguing comic for all sorts of reasons" | one of them is that it's a comic with LGBTQ content, created while its writer was transitioning. " Bleeding Cool "A rollicking science fiction adventure comic about two young queer women working as dimension-hopping interplanetary bounty hunters...one of the breakout debuts of 2016." -Comics Alliance "KIM & KIM is super cute and now I want to read an entire series of the Kims talking about boys for two hundred issues." " Sophie Campbell (Wet Moon, Jem and The Holograms) "Kim & Kim isn't just an incredibly fun comic book... beyond the sci-fi shenanigans and heroic quest the Kims go on, Kim & Kim is an LGBTQ-positive series that features a richly diverse cast of characters (including both of the Kims, one of whom is trans) and hugely important for Visaggio to write, as she was undergoing her own transition process." " io9

## Book Information

Series: Kim & Kim

Paperback: 120 pages

Publisher: Black Mask Comics (January 3, 2017)

Language: English

ISBN-10: 1628751606

ISBN-13: 978-1628751604

Product Dimensions: 6.5 x 0.4 x 10 inches

Shipping Weight: 9.1 ounces (View shipping rates and policies)

Average Customer Review: 4.2 out of 5 stars 5 customer reviews

Best Sellers Rank: #392,810 in Books (See Top 100 in Books) #67 in Books > Comics & Graphic Novels > Graphic Novels > Gay & Lesbian #1585 in Books > Comics & Graphic Novels > Fantasy Graphic Novels #1714 in Books > Comics & Graphic Novels > Graphic Novels > Science Fiction

## Customer Reviews

I expected to enjoy this comic, but I didn't expect it to be one of my favorite comics I've ever read. Highly recommended, fun and silly while still giving you characters that have depth and you really want to root for.

This is *Rupaul's Drag Race* meets *Sailor Moon* meets *Star Wars* meets *Jem and the Holograms*, but with more drug use and cussing. I wasn't that impressed with the cussing etc. The story line I felt dragged some compared to other comics, the art work was alright, but it wasn't super stellar, I felt it could have been much crisper (think the *Jem and the Holograms* comic before it went downhill). This for sure brings about its own niche in the comic book world, and I found it to be alright, but I think it has so much more potential to be so much more. A great starter and I hope it continues on and gets better.

*Kim & Kim* is a really interesting and original fantasy sci-fi. Fun, well-paced, well-developed, *Kim & Kim's* story is at once a little familiar and totally unprecedented in a world that is equally so. The characters are the most phenomenal element of the *Kim & Kim* universe - diverse and unapologetic, they all demand a certain respect. No one is a diverse character for diversity's sake, but there is also no chance that any of these characters will let you downplay, ignore, or discredit their identities either, and I love that. These characters are people first and they are dynamic! I was really thrown by the conclusion (?) of the Quilt storyline, but I have a feeling it may come back around in future issues so perhaps there may still be a more satisfying resolution to that particular arc. Overall, I

really enjoyed the first volume.

I really enjoyed this! To be honest, I wasn't so sure after chapter 1 - I've been mostly reading Marvel comics lately, and this is a change of pace. I spent the beginning being a little confused about who everyone was, but as soon as I started chapter 2, I really got into it. I like the characters and their interplanetary lifestyle, and I love the art. There were also several lines that made me laugh, which I always appreciate. (I do own a copy, although it doesn't show up here as a verified purchase, as it was bought by through a different family member's account.)

Don't know why you would compare it to RuPaul....Ru is a man, not a trans female. Also this is dank. So yeah. Ignore the RuPaul review and buy it. Cause it's great.
