Grade Level: Preschool - 2

## Customer Reviews

Amazing book for a low price. It is just beautiful!!!! Some of the pages were a little stuck together, but it only took for me to turn them and go over the book for it to have an amazing feel. The cover is kinda cushioned so it makes it look fancy, like a real disney book =D I just love it! will def. keep buying it for all the babies in the family.

The book is now my preschooler's favorite bedtime book. We go through 4 short stories with him and a few short poems. He recognized the poems that we sing to him- now it's singing before bedtime! One star was taken because the binding threads can be seen on the day I received it. My son loves it though so I didn't return.

I have a new Grandson, so as gift for my son, I thought I'd start him off just as I did for him and get him ready for the next few years of bed time reading for his new son.

I bought this book to read to my 3 year old Great Granddaughter, and we both love it. There are so many really good stories and fairy tales, poems, and songs. She loves the illustrations too. It's a great value for the price, and I would recommend it.

Cute book and lots of stories, but simple nursery rhymes in between. My 3 year old didn't care much for this book because of the lack of illustrations.

I was iffy about buying this book. But when it got here I was blown away I'm so impressed with it. I'm a cheapo who wants a lot for a little lol . So I didn't want to spend much but I wanted something worth it for my son. I was so impressed it's good quality and their are so many different stories . My little one loves it

I bought this for my daughter for our grandchild. When I pulled it out of the box my husband said he had to read it before we give it to our daughter.

We dropped a heavy dime buying baby books for our little one. Although I do truly appreciate the books we purchased and can't say that I regret it, I do feel that all of the other books are pretty much unnecessary after receiving this little treasure. It is high quality on literally EVERY level. The paper, the binding, the illustrations, the sheer volume of stories as well as nursery rhymes.... it is quite simply THE BEST BABY/CHILDRENS BOOK YOU NEED. Nuff said. Buy it already.
