Customer Reviews

This textbook was used for my Estate & Gift Tax course in law school. It is a good overview, has review questions, and builds well. However, some formatting changes could make this book much easier. The format looks like blocks of text, but I think that the subject matter could be better

organized and formatting to simplify the content. I ended up purchasing the supplement for this textbook because I felt it helped to have an outline, somewhat in bullet-form, to organize the information better.
