What Is Painting?: New Edition (Revised Edition)

Synopsis

Julian Bell's incisive, fully updated study of modern art and the nature of painting, which daringly tries to explain it "Yes, but is it art?" This lucid book by Julian Bell, himself a painter, confronts the uncertainty many people feel about art today and challenges generally accepted ideas. Now in a completely revised second edition, *What is Painting?* is a fresh, focused look at painting. Bell addresses questions such as "does anything unite those objects we call paintings?" and "what factors have changed the nature of painting over the last two centuries?" by looking at historical evidence and reasoning from common experience. The current shape of painting pushes the book's arguments in new directions and a substantial new chapter, *The Arts and Art*, speaks to the interplay between 2D work, 3D work, and the immateriality of digital imagery. The text has been revised paragraph by paragraph considering both force of presentation and historical perspective. The intention is to provide a general reader's introduction to theories of painting that is not only reliably informative but stimulating and amusing to read. The book is an introductory guide to art theory for everyone interested in understanding modern art or in making art themselves.

170 color illustrations

Book Information

Hardcover: 224 pages

Publisher: Thames & Hudson; 1 edition (December 12, 2017)

Language: English

ISBN-10: 0500239738

ISBN-13: 978-0500239735

Product Dimensions: 6 x 0.9 x 9 inches

Shipping Weight: 1.7 pounds (View shipping rates and policies)
