Thomas Goes Fishing (Thomas & Friends) (Step Into Reading)

Synopsis

Thomas often sees his young friends standing by the stream fishing. It looks like so much fun that Thomas wants to go fishing too. One day, he runs out of steam and his driver fills his boiler from the stream. And soon, Thomas' boiler is what the driver is fishing in! In the early 1940s, a loving father crafted a small, blue, wooden engine for his son, Christopher. The stories that this father, the Reverend W Awdry, made up to accompany this wonderful toy were first published in 1945.

Thomas often sees his young friends standing by the stream fishing. It looks like so much fun that Thomas wants to go fishing too. One day, he runs out of steam and his driver fills his boiler from the stream. And soon, Thomas' boiler is what the driver is fishing in! In the early 1940s, a loving father crafted a small, blue, wooden engine for his son, Christopher. The stories that this father, the Reverend W Awdry, made up to accompany this wonderful toy were first published in 1945.

This is such a cute book. I bought it for my four year old nephew since he loves Thomas The Train. It is a great value for this book. The illustrations are so colorful and perfect for young children.

Kids liked the book. Thomas books are consistently good.

This one is a cute one. A lot of the other Thomas books are so long and wordy but this one is simple and easy to keep the kids attention.

My 2-3 yr old grandson loves it!!

Good beginner readers for Thomas fans.

We recently checked this book out from the library. My toddler loved it so much that I bought a copy so it is part of our book collection. My little guy is really into trains and this is a cute story about Thomas the Train.

Well written, one of the true level 1 books that are out there. The story line is enjoyable for girls and boys. A wonderful book for Thomas Lovers.

I bought this for my 1st grade son's kindle since he is a big Thomas fan. It has a surprise ending that we both enjoyed. My son was able to read this without any difficulties. Would definitely recommend this book for any Thomas fans readers.
