Great product

Rental was a convenient option. The book has a plethora of resources to improve your Intermediate Spanish skills including verbal and listening activities.

This does not include the code for online work. Tried two separate copies. Ended up buying from university bookstore.

Excellent

This book needs to be retired. Some of the previous editions were decent, but this one is a watered down edition that has nothing but grammar in the main textbook. You can't get much more "traditional" than this, and it is obsolete and out of date.
