Jump Ball: A Basketball Season In Poems

Synopsis

The Tower High Tigers basketball team is on top of the world and bringing the crowds to their feet in this collection of free prose poems that make up the absorbing story of a championship teams season. Meet Garrett James, the star of the team; Darnell Joyce, the lovable forward with no place to live; and the rest of the players, their families, coach, friends and girlfriends, teachers, and fans.

Grade 6-9. "To all my old-fogy colleagues,/Who seem to think that/Basketball has assumed some/Inordinate celestial weight/In the educational firmament,/I have a simple message: 'Get a life!'" That phrase from physics teacher Fiona Sullivan is just one of the realistic viewpoints presented in Glenn's story, told in free-verse poems. Jump Ball captures the pulse of the basketball season?on and off the court?in poignant, honest, and well-spoken glimpses into the many personalities who work and play at Tower High School. The Tigers have a hot point guard, Garrett James, who is destined for the NBA?but he has to make it through high school first. A lot of demands are placed on him by school, fans, media, etc. Garrett's popularity affects everyone. His coach believes, "Publicity is a poison,/Like a cup of wine/That can raise a man to drunken heights/Only to crash him down into frightening depths." Teenage crushes, pregnancy, homelessness, and the glamorization of athletes are all examined here. Tower High's championship season is chronicled in fine, easy-to-read vignettes interspersed with broadcast accounts of the games. The insights of the players and adults are cleverly penned. They're sure to interest sports fans or just those desiring a look into human nature. The startling, tragic event that grips the team at

the end of the season will keep young people reading to learn the fate of the troubled and terrific Tigers. ?Sharon Korbeck, Waupaca Area Public Library, WI Copyright 1997 Reed Business Information, Inc.

Basketball dreams shatter when a high-school team bus goes out of control on an icy road in this latest novel-in-poems from Glenn (The Taking of Room 114, p. 222, etc.). The course of Tower High's championship season becomes clear through the musings of a gallery of players, groupies, teachers, parents, and bystanders; the author expertly creates dramatic tension with early hints of the tragedy to come, but the voices he creates are largely focused on their own lives and concerns of the moment. Those voices are not as strong and distinct as some messages and strokes of broadly brushed irony, e.g., two pages after Rayanne Walker declares how hard she's worked to raise her son, and how hard he works to earn college money, he is killed in an attempted robbery--and his memorial service is just another item, along with the Spring Concert and the scores, in the school's morning announcements. Though Glenn's language is largely conversational, he breaks occasionally into quick, rap- like rhythms, or even concrete poetry, evoking the feel and pace of basketball action rather than conventionally describing it. His fans will find the characters falling into familiar types, and though at its best the poetry is exciting, some superficial, indifferent adults and the imminent crushing of so many hoop dreams give the story a bitter, discouraging cast. I bought this for my special education English classroom. My high-schoolers don't like to read, but they do like sports. They actually enjoy these poems!

I chose this rating because I wrote the book! I think all basketball fans will love it. It well describes a high school basketball season.

Tower High School has a very good basketball team this year, including the star, Garrett James, who is expected to become a pro after this year. That's the story the media has picked up. But anyone who has ever been on a team knows that there is a lot more to a team than one person's story. This book tells those stories. Sure, Garrett is a star, but there's also Tamba Senesie from Nigeria, who is upset that his father isn't respected here like he was in their homeland. There's Juliette Paris, who is pregnant and trying to get her basketball-playing boyfriend to take some

responsibility. There's Tyrone Porter with the heart problem that may make him unable to play this year. There's Valdeen DeForest of the girls' volleyball team, who is angry that only boys' sports get credit at her school. There's Vonessa Leighton, the team manager who is madly in love with one of the guys on the team. And there are countless others. As you read each poem in this book, you get a feel for what each of the characters are feeling about the game of basketball and the other things they have going on in their lives. Then you realize that the book is giving you snapshot views into one season of basketball, a season that ends in a shocking event. Many books about sports simply focus on the sport itself as motivation for the characters. This book, though, shows the reader that each one of these students has a pile of other things on his or her mind--that their own lives are more important than the sport.

If you love Basketball you'll love this book, if you don't like basketball you'll love this book. Jump Ball is a book for all. This book creates real life scenarios for everyone to enjoy. You may get attached to the coach or the coaches wife or maybe one of the players or their girlfriends. Jump Ball is about high school and Jr. high students that are trying out for basketball and the struggles that are going on behind the scenes of the basketball court. These kids eat, sleep, and drink basketball. You learn about the things they go through with their girlfriends and the things the girls go through with their boyfriends. You may just fall in love with some of the characters and the way they live their life. If you are a Teen that loves to read on books that relate to you THIS IS THE BOOK! Jaw dropping, head turning type of book that you will want to read over and over again. I personally love this book if you take my advice you would love it too! You will not want to miss a beat of this book. Short read and great to learn from, I suggest you read this!

This is a journey of a high school's basketball team through one season a winning season. But a tragedy hits the team and the school. It is done in first person poetry. The reader hears many different voices. These voice include of players, students, teachers, their families and the media. There is a connection to the school and the team that builds through the story. This is a fast read. The poems have a rhythm to them that moves you through basketball and the story. If a reader was ever skeptical about poetry or reading, this book would be a great asset.

i read this book in my LA class. It affected everyone. This is a book that you can really get into and it keeps you guessing. Theres something mysterious that the whole town is talking about and you don't find it out untill the end!! it teaches kids lessons and many things that they can relate to like

teenage pregnancy i loved reading this book! i thought that it was very realistic and if you never liked reading those books about magic and fairies then this is a great book it's something different i've never read a book like it i think 99% of people would like it

Jump ball was a very good book. It keep you guessing. I like the way the poems were they would talk about one person and then they would talk about someone else. I would recommend it to other people. I would recommend it to people how like poems and basketball. It was a good book and I liked it.

this book was ok but i really didnt like it its kinda boring it didnt really interest me that much but it was ok if u bored read it if u are dumb read it if u like basket ball read it but other than that dont read it ! ok thats all !
