## Customer Reviews

"This small-format guide teaches readers about characteristics of their Chinese zodiac signs, conveyed by cute cartoon illustrations: a "selfless" sheep tends to a broken robot, while an "impulsive and willful" horse goes skydiving. Tang includes advice about choosing professions, money management, as well as lucky colors and compatible signs. Readers with burgeoning interests in horoscopes should find it an engaging diversion." â *Publishers Weekly* â "a fun and informative way to learn about the ancient Chinese Zodiac, explaining the traits of each animal sign and what luck the future might hold for the person born under that sign." â *Kid World Citizen blog*

I love this book on Chinese Zodiac signs. :)

This book was as described and arrived promptly. I recommend the seller. It was for my grandson to supplement a gift I had bought him in China based on his Zodiac sign. He is 7 years old and can read it by himself. He was very interested to learn more about his year, the year of the pig. This book earned me some granny points!

Pictures so adorable. My kids love it. Love teaching my kids about the meaning behind each animal year.

We used this book to teach our daughter who's 5 and her class about the chinese zodiac. Then the adults got into it too!

Very cool to learn about all the different animals and the 'traits' people born into them may have.

A fun introduction to the Chinese view of a type of horoscope Kids will love seeing which animal they are associated with.

Good information about the animals found in Chinese New Year celebrations.

Great kids book that describes the personalities of the different zodiac characters. Very cute. Great gift for Zodiac Baby Shower Basket!
