## Synopsis

As I awaken to this new night, I have no idea what Theoden has planned for me. I know there are more lessons he wants to teach me | I just don't know how painful | or how pleasurable they will be. I do know that I've given into Theoden in ways that I'd never thought I would. Not only that, but he's made me feel | pleasure unlike anything I'd ever experienced. I want to resist him, I need to resist him, but I'm finding it nearly impossible to resist him. His hold over me is stronger than my will to fight him and with each passing day, I know that I'm losing this battle. On top of personal experiences, I'm discovering secrets the human world never knew. I'm beginning to understand why the humans lost the war and how insignificant my rebellion actually was. This realization has been the cruelest lesson of all. Warning: This novelette series contains hardcore sexual situations between men, not meant for sensitive eyes. I'm talking crude, lewd and full of attitude. This series will most likely either offend you or get ya revved up. This series isn't going to be pulling any punches whatsoever, so you've been warned. Mature Adult Content meant for readers looking for something dark, taboo, sexy, and unapologetic in their paranormal erotica. This is NOT a romance. This novelette is approximately 23600 words.\*As of 1/4/15, this book has been re-edited for your reading enjoyment.

## Customer Reviews

Noel lives in a future dystopian society where vampires rule over humans and where his fate as a newly turned vampire to Thæoden brings with it many rules and punishments for breaking those rules. Noel MUST get some control of himself and his new situation. Noel tries desperately to stay in control, of himself and his new environment. Some parts of his new vampire existence is very appealing but he doesn't want to lose his humanity. He feels his human soul letting go and his new vampire soul in control. This is book 5 of 6. Books 1 thru 4 must be read before!

4.0 stars. I'm giving this series as a whole 4 stars, even though I personally gave up on it after this book. I'm a HEA kind of reader and this series just drags you down into the depths of despair and doesn't let you back out. I end up feeling frustrated and unhappy at the end of each installment, but being the optimist, I hope the next one will be different (hint: it isn't). However, I still gave it four stars because it's well written and well executed and if you aren't the kind of person who needs a happy ending, this series may be right up your alley. The characters are engaging and the situations intense. So a good series -- just not for me.

This Series blows my mind! I read all 5 parts in one setting and now have a couple days to wait for the final installment. This is definitely a dark taboo read that will keep you on the edge of your seat wondering what is going to happen next? Anxiously awaiting for #6!

This series by far has to be the best thing I have read in a very long long time. It's not the same old same obscenity is what makes it so look good. It's a dark erotic paranormal story. There is nothing quite like it out there which makes it so go that I find myself rereading the series over and over from the start. This series MUST be read in order to really be enjoyed. This latest book really gets into the paranormal realm. Definitely well written and smooth transition between each book. I can't wait for the next installment in this series.

I thought that the last book was the hottest, but this one blew that away. In accepting his place as a scion of Theoden, Noel is beginning to come into his own.

Noel gets in touch with his dragon side. He expected his vampire nature only to find out that he is also a sex starved dragon. Poor straight guy, well he used to be straight.

The books keep getting better and better as Noel begins to come to terms with his new life. The sex is off the charts the plot for an erotic novel not bad.

Awesome book watching /reading Noel finally accept his fate (at least under a sex haze) was an adventure. Worth the money spent to find out how he faired .
