Good condition

I thought this was a very good book. It provided good, factual information about each of the members of 98 Degrees. The pictures in this book were awesome all full-color. And it gave some of their famous quotes, interviews, vitals, and faves. It is a must-have for any fan of 98 Degrees. Some of the information you may already know, but at least here you'll have it all in one place. There was no typos or mistakes that I could find. So I hope by reading this review you'll be encouraged to buy this book. My best advice is to buy their official book in September! Thanks, Jill

This book is a great book if you are looking for pictures about these four hot babes ! The facts are quite useful if you are just starting to know these four talented guys . This is a good book to add to your 98 Degrees collection . Got to HAVE it due to the hot pics . But if you are looking for something better and with baby pics of the guys , I should highly recommend , their official book . It touches my soul deeply . 98 Degrees , God Bless .
