Rhetoric (Dover Thrift Editions)

Synopsis

One of the seminal works of Western philosophy, Aristotle's Rhetoric vastly influenced all subsequent thought on the subject — philosophical, political, and literary. Focusing on the use of language as both a vehicle and a tool to shape persuasive argument, Aristotle delineates with remarkable insight both practical and aesthetic elements and their proper combination in an effective presentation, oral or written. He also emphasizes the role of language in achieving precision and clarity of thought. The ancients regarded rhetoric as the crowning intellectual discipline — the synthesis of logical principles and other knowledge attained from years of schooling. Modern readers will find considerable relevance in Aristotelian rhetoric and its focus on developing persuasive tools of argumentation. Aristotle's examinations of how to compose and interpret speeches offer significant insights into the language and style of contemporary communications, from advertisements to news reports and other media.

disciplineâthe synthesis of logical principles and other knowledge attained from years of schooling. Modern readers will find considerable relevance in Aristotelian rhetoric and its focus on developing persuasive tools of argumentation. Aristotle's examinations of how to compose and interpret speeches offer significant insights into the language and style of contemporary communications, from advertisements to news reports and other media.

I would have given this book a 5 star except for the layout. It is kind of hard to read as there are no paragraph breaks. But I bought this book for the info.

Dense and packed with information on arguments, logic, dialectic, and public speaking. No need for a rhetoric course after reading this one.

Good for all of you that like arguments, this book gives great advice, and it give a good examination of the mind.

Clearly translated. Still a classic. Too bad all speakers don't follow his advise. Combine these elements and you will do well.

made a great gift

Great book, great read.

Great

Excellent introduction to Rhetoric.
