Slow Heat In Heaven

Synopsis

The adopted daughter of the most powerful man in town, Schyler Crandall left Heaven, Louisiana, a brokenhearted girl. Now a crisis has brought her home to a family in conflict, a logging empire on the brink of disaster, and seething secrets that make Heaven hotter than hell. Still there are her beautiful younger sister, Tricia, with her cruel lies; Ken, Tricia's handsome husband, who married the wrong sister; Jigger, the pimp and ruffian with plans of his own; and Cash, proud, mysterious, and complex. It is dangerous for Schyler to even be near him, yet she must dare to confront the past if there is to be any peace in Heaven.

Customer Reviews

When her adoptive father suffers a life-threatening heart attack, Schyler Crandall returns to her hometown of Heaven, Louisiana, after a six-year absence. It isn't just the heat that's sizzling in Heaven. Schyler's sister hates her enough to do her harm; her father's logging empire is about to go under; her beloved home, Belle Terre, may be lost; and Cash Boudreaux threatens Schyler's heart with a sensual pull that's impossible to resist. Unfortunately for Schyler, Cash is a dangerous, complex man with a dark past and a wild reputation that he won't deny. Schyler needs Cash's expertise to save her father's business, but can she let the handsome Cajun into her life without losing her heart? *Slow Heat in Heaven* is a rip-roaring tale that grabs the reader's attention on page 1 and doesn't let go until the book's end. Complex and vivid characters, family intrigue, and old scandals all make for the perfect romantic suspense read. --Lois Faye Dyer --This text refers to an out of print or unavailable edition of this title.

RAVE REVIEWS FOR SANDRA BROWN AND SLOW HEAT IN

HEAVEN:"Deft...exciting."--Publishers Weekly"A masterful storyteller, carefully crafting tales that keep readers on the edge of their seats."--USA Today --This text refers to an out of print or unavailable edition of this title.

*A well-written and captivating love story by bestselling author Sandra Brown.....When Schyler Crandall received word that her adoptive father Cotton has been taken ill, she doesn't hesitate to return home after a six long year absence. In fact everything still looked the same in Heaven, Louisiana right down to the huge house known as Belle Terre including her sister Tricia who was selfish and conniving as ever even when Schyler was engaged to Ken years before and Tricia was determined to take him away from Schyler and marry him herself and that's exactly what she did. Now Ken realized his mistake into marrying the wrong sister by drinking himself into oblivion. Right now the only thing on Schyler's mind is her father and being at the hospital. After suffering from a heart attack, Cotton's not out of the woods yet and it will be up to her to take over the family business and keep it running. With so many things on her mind, she never expected to run into Cash Boudreaux, Mr. Gigilo himself! Known for having a notorious reputation with the ladies, a scoundrel in his own words still fascinated her though and he was one hell of a foreman in her father's timber company. He might have have been all those things but the men liked and respected him and he knew exactly what to do. So why did Cotton hate Cash? What was the mystery behind Cotton and Cash's mother, Monique? Soon Schyler will find herself asking one question after another. Is Cotton's timber company in jeopardy. If so, why? It should be making money and it's not and even Cash is questioning it. These are thoughts going through her mind but the biggest dilemma of all is the man she vowed to stay away from. Rumors and more rumors pertaining to this man but truth be told,Schyler was drawn to him in some painstaking way and a complete mystery to her but little did she know that she was also a complete mystery to him. Could Cash be in love with her too? Right now she had so many questions and she wasn't going to give up until she had all the answers including what to do about Cash Boudreaux?.....a passionate love story combined with betrayal, excitement, jealousy, and an intense mystery.....thank you

If you love reading because of those books that pull you in and make it to where you can't quit thinking about them, don't want to put them down until you finish, then BUY THIS BOOK!! It is THAT GOOD! I used to read Sandra Brown years ago but haven't picked up many of her novels over the

last few years. Wow! I have been missing out! I live in the south and my husband is a logger, runs a skidder, and we live very close to the Louisiana border, so I definitely identified with this book since it has all of those factors in it. I have many friends from Louisiana and visit there often. So I can definitely say that Sandra Brown makes this book authentic in all of the above. You FEEL like you are RIGHT THERE with the characters. But even if the book did not resonate with me in those ways, I still would give it 5 stars. It is suspenseful, dramatic, romantic in a weird sort of way, and I love how she writes a background and story for each character she mentions. I felt like the book did not leave anything unturned and I was completely satisfied at the end. When the main character Schyler takes matters into her own hands with Jigger's dogs I was blown away! My mouth was hanging open with my hand covering it and I was saying, "Oh my God!, I can't believe she did that! You go girl!" It was one of the best scenes in the book. She is a very strong woman and there were many scenes just as equally jaw dropping and awesome as that one. I read many reviews before I purchased the book that talked about Cash and not liking his character at all. But that is why I say it was romantic "in a weird way". Although he is very crass and rude in his language and how he treats women, I think Sandra Brown does such a good job at building his character that the reader should understand him and see his heart and why he is the way he is. It makes him forgivable and makes you root for him and Schyler despite his terrible ways. I hated to have to put this book down to go to work during the day and found myself trying so hard to keep my eyelids open at night because I did not want to quit reading. I thought about it all during the day while working and just wanted to get done with everything for the day so I could start reading it again. It's books like these that keep me addicted to reading and I promise you that you won't regret buying it! It is that good!

Sandra Brown's books have become very predictable. The heroine in each story falls madly in love with a brooding stranger and they have an amazing experience with their first sexual encounter. While I realize these are works of fiction, a BIT of truth to the way real intimacy doesn't typically happen initially wouldn't be such a bad idea. I find myself skipping past the parts of her books when they inevitably fall into bed together for the first time for the most amazing sex of their lives.
