Grade Level: Kindergarten - 12

Customer Reviews

The book came in time for our son's viola lessons in perfect packaging. He found the book to be exactly the same way he had expected and has been using it without any incidents. His music teacher approved of it as well and we are therefore all happy! We strongly recommend purchasing these music books from here. I should probably add here that sometimes we have ordered music books for our son from local music stores and they have taken very long time to arrive. was fast; however, sometimes some obscure books are not available here. Maybe the seller can work on that in the future.

Suzuki is always excellent. My daughter is excellent with the viola and it is because she has a wonderful teacher and an excellent book to use.

Exactly the book I needed. Delivered exactly as promised

This book has many practices and songs that helped me progress in my viola playing. I do recommend this product.

So nice to be able to order this book and have it delivered so fast.

Private lessons teacher recommended. Bought for my son

The Suzuki books are absolutely great! I have tried using many other books to learn the viola, but I can tell this one is the best I've seen! It contains a mixture of great songs for playing as well as exercises according to your level and teaches you in a very comprehensive order. The creators of this book have chosen a very good selection of songs that always are just at the right level. Then, after every song or two, it will have an exercise to help you progress to the harder songs to come in the book. Highly recommended!

My daughter is taking viola via Suzuki method, and we love it. It makes it really easy for a child to learn.
