Customer Reviews

Borch maps use a patented process for laminating across the folds of the map, making it easy to read and even easier to refold! The tough but non-toxic, environmentally responsible lamination material decomposes to water and oxygen in a landfill environment. Until then, the map is practically indestructible in your backpack or suit coat pocket and can be written on temporarily with dry-erase markers!

Durable and so much more practical on vacation than to rely on electronics that might not work/be charged, etc. Also makes nice souvenir afterwards.

Having never been to Mallorca, we purchased this before our trip. It was incredibly accurate which made driving in an unfamiliar area so much easier. Yes I had GPS, but after the car was parked we had a reference point.

I will be taking this wonderful map with me when I visit the island in June. It has given me an idea of the distances between places and the routes to get from where I am staying to what I want to see.

Happy traveling...

We used this map many times in Mallorca and Pollenca. It is waterproof and easily folds. It would be an asset for anyone traveling to this part of Spain.

great map. prompt delivery

Not as detailed as I would have liked but it worked.
