What a great cookbook! I ordered this on a whim, certainly not needing another cookbook, but was so pleasantly surprised by the quality of this book that I am very glad for whims. This book should be getting a lot more attention and front-page coverage; it's one of the nicest baking books I've seen in a long time, and I have a lot of them! Highly recommend this book and hope it does well for its author. I had never heard of her before, but if this is an example of her work, then her name should be as well known as "Ina" or "Martha" or others who do less with more.

Love this book! I have tried several of the recipes and love them. It is a great book for this fall

weather and the holidays coming up. I am very glad I purchased this book.

Ordered this for a gift. It arrived damaged. Before returning the book, I took a quick peek inside to view some of the contents. Not impressed.

great book, great stuff inside. love to bake in the fall and holidays so thought this would be perfect..

Just nothing special. The Cover is nicely done.

Great cookbook. Delicious recipes

Receipes are easy to follow, and are not WAY out there ingredients that you'll never be able to find. I've used this book more already in a few weeks , than I've used many, many of my other cookbooks.

Recipes look good. Just got book so can not really say just yet. Beautifully put together.
