The 100 Complete Boxed Set

Synopsis

All four thrilling novels in The 100 series, now available in a paperback boxed set! Ever since nuclear war destroyed our planet, humanity has been living on city-like spaceships hovering above the toxic surface. As far as anyone knows, no one has stepped foot on Earth in centuries--that is, until one hundred juvenile delinquents are sentenced to return and recolonize the hostile land. The future of the human race rests in their hands, but nothing can prepare the 100 for what they find on this strange and savage planet. Read the series that inspired the hit TV show. The 100, Day 21, Homecoming, and Rebellion are gathered together for the first time in this striking box set, perfect for fans and series newcomers alike.

Kass Morgan is the author of The 100 series, which is now a television show on the CW. She received a bachelor's degree from Brown University and a master's degree from Oxford University. She currently works as an editor and lives in Brooklyn, New York.

They arrived six days early in perfect condition. Super happy with them. They came in a boxed set just like the pictures. Would definitely recommend.

I loved the TV series. So I bought the books. I was disappointed in the description of both characters and the world in general. I have a difficult time connecting to characters that are barely there. The story is good. The idea is interesting. But it's just a skeleton. The show was much more fleshed out.
