- * Clear, highly readable type

With its authoritative, current, and accessible information in a compact, easy-to-use format, Webster's New World Portable Large Print Dictionary is the one dictionary you can use anywhere-in the office, in

the classroom, at home...and all the places in between.

The Editors of the Webster's™ New World Dictionaries are a team of professional lexicographers with advanced degrees in various scholarly fields. The editors familiarize themselves with the vocabulary in specific subject areas, collect materials on new developments and usage, and work with expert consultants to ensure that the content of our publications is as accurate and as up-to-date as possible.

I don't use word correct on my pc and this one works but i really need to get a more modern one because this one has a lot of words that just aren't there. A lot of folks have forgotten how to use one of these.

I bought this dictionary for my son to keep in his desk at school. Even though he does not need glasses, I bought the large print edition so that he would not have to strain at all. We purchased Webster's Student Dictionary and this portable one, and the portable one is actually thicker than the student edition. It is a bit narrower and it has a soft cover (the other has a hard cover). Between the two, I would definitely choose the student edition because it has synonyms, however, this is a really good dictionary. I took off one star because it is not portable...unless you carry your bookcase on your back :-). Certainly a great choice for anyone who does not want to strain his or her eyes when using.

It is odd to review a dictionary as they tend to be obsolete in today's age of being able to search the world wide web for anything or even simply asking Siri. If I had a Siri when I was in high school I could've graduated with honors. I purchased this dictionary as it was mandatory for a class. I must say if you are doing the same thing, I would recommend going to the local book store and purchasing one there. The words portable are deceptive as this is a large book and does not easily fit in a purse.

I can read the print, but there are so many words not listed. Has not been much help for me.

I am a prolific writer but a bad speller. This dictionary is very good for finding the correct spelling of a word. It is not clobbered up with endless uses for each word. If I should need uses, I'd use my unabridged dictionary. My only problem is that I paid \$14.95, and thought I was getting a hard back copy. A few days later, had it priced at \$8.80 for the paper back. Maybe they sent the wrong one,

but I'll keep it. Not worth the hassle to correct the mistake, if that is what it was.

Was looking for a dictionary with bigger than normal size text. Was very pleased , I ordered it on Friday and got it on Sunday Amazing!!!

A dictionary is just that but necessary

Love this book.
