Customer Reviews

Read on behalf of Two Darlin' Dolls and a Book Review. "Stop worrying about what you should be feeling and just feel. Life is too short to float, so sink a little and start living. Savi's life has been filled with lies, loss, death, betrayal, and heartache. Will she ever catch a break and get her happily ever after? Her and Cole are broken up and I hated it. I did understand that she needs to try and find herself, I just love them as a couple so it was hard for me to read. Cole is his glorious

swoonworthy, dominant self maybe even more so in this book. "You were spying on me?" He shakes his head. "I was protecting what's mine." Savi has to deal with the drama from her cases while trying to find her place. Keith is the big brother she never had and I absolutely love him. The ending couldn't be more perfect for Savi and Cole. This was an amazing series that I have read more than once and will be reading again! Cole and Savi forever Savannah Miller, I swear under a thousand stars that I love you, and will fight to the end to make you happy. "Fall, Cole, because I promise I'll be there to catch you."

What a great conclusion to the series. He was a butt but he does a great job of protecting her. When she has to tell him her secret it wasn't how she wanted to tell him but it came out she is becoming more independent and all of the things that has happened to her in the past but she is slowly coming out of her "shell" I loved how he popped the question to her So very romantic

I loved this series so so much. Cole and Savannah were wonderful characters. I am sad to see their story end. I loved how all of the books were able to keep me on the edge of my seat. These books were definitely page turners! Beautifully written and with well fleshed characters I absolutely feel this series is a must read!

It is always sad when you see a series end, and this book is no exception. This ending was the perfect ending to a amazing series. Savannah and Cole will live in my heart for a very long time. Thank you Savannah for showing me that no matter what has happened to you that you can come out strong, and you can have your happily ever after. And Cole for being her light at the end of her very long tunnel. "I always wanted to be Cinderella." I smile shyly. "I wanted to blend in with the colors around me, not be noticed. I certainly never thought I needed a prince. I lost control of my life, I fell passionately in love. Not once, but three times." I step closer and let my lips graze over his smooth jawbone. "I love you Cole Logan, with all of my heart... Fall Cole because I promise I'll be there to catch you." He reaches out and pulls my head to him, smashing his lips to mine. Everyone breaks into laughter and cheers as he holds me tightly. He reaches deep down in my soul, and any damage left in my heart is finally mended!!!! I cant wait for more to come from the Blackstone men (Keith and Mark). They are also in my heart and I cant wait for their story to come to light. Thank you J.I. Drake for delivering a beautiful story and for making the characters come to life. You are an amazing story teller and I cant wait to read more from you!

Such a beautiful ending to an amazing story!!! It left me with a very happy and content heart!
AMAZING! I seriously love all thing J.L. Drake! Cole Logan has my heart forever!!!

Couldn't put these books down!! I loved this series and was sucked in from the very beginning. Get all three at once because you won't want to stop reading until the end of the last book!!

Loved Savi and Cole's happily ever after....don't read this review if you haven't read the story.I really appreciate that Jodi had Savi stand on her own two feet before wrapping up the story. I'm so glad that Savi found her friend Jake to help her through the tough times. And how Cole never let their love die....so amazing.Love the Blackstone family.Can't wait for more of Jodi's work :)

The dedication alone in this book was worth reading and it made me smile. Cole, oh Cole, he was so much more dominant in this book, but with just the right amount of romance. God, that man is sexy. Watching Savi grow and become her own person was so nice. I loved watching her slowly finding her way back. Not only back to herself but back to her family. With her past finally behind her, she could focus on nothing but the future. Mended was just the right amount of suspense and romance, heartache and happiness. I laughed, smiled, cried tears of joy and sadness. So much in this series tugged at my heart strings. The title alone speaks for itself. I couldn't of imagined a better ending to this trilogy. The last book left me Shattered, so thank you Jodi, my heart is Mended.
