Customer Reviews

I bought these so my grandchildren could log their childhood flights. They are thrilled to have their own "real" pilot log, and as they grow older they will be able to revisit these special events. For that purpose ASA's log is fine. As a pilot, though, I prefer Jeppesen's basic "green page" log.

Reasonable quality but not enough space for endorsements. I ended up trashing it and buying from Sporty's

as expected, gift for a new pilot.
