Sandra K. Nissenberg, M.S., R.D. (Buffalo Grove, IL) is the author of the first edition of The Everything Kids' Cookbook, and several other books. She is a registered dietician and nutrition consultant specializing in child nutrition.

This cookbook is excellent! I read a lot of reviews for different books prior to purchasing this one for my 10 year old daughter. This is a great cookbook! The directions are easy to follow and they are really tasty. I don't think there's been anything that hasn't been good so far! It's paperback and a good size for her to manage when she's cooking.

Bought this for my 10 year old for Easter. She LOVES to cook and this has been a good introductory book for her to be able to complete a full recipe without any help from me. So far all the recipes she has done are simple with few ingredients so the prep and clean-up aren't overwhelming for her either. The Chocolate chocolate chip cookies are our favorite

My 8 year old granddaughter and I had a lot of fun cooking from this book. I made notes in it and dated the items we cooked so she would have it later in life.

Bought this for my niece who likes to cook. We have a copy ourselves and I think it is a very good cookbook for kids--the recipes turn out good and there is a nice variety. The recipes are very kid-friendly. There is even a recipe for homemade tomato soup! I have use the mac and cheese and the double choc cookie recipes several times myself. There are lots of good tips for kids, too. I wish I had had this cookbook when I was growing up!

Basic. Not enough pictures.

Fun and love the games inside.

I bought this for my 10 year old son for xmas. Overall it's a nice book, easy to read. But some of the recipes are a little too simple. I was looking for a little bit of a challenge for him.

This book looks great. Arrived brand new and I think my daughter is going to love it. I like the fact that it teacher her to reach product labels and will encourage her to think about what she's eating at an early age.
