Customer Reviews

I didn't really like the book but it did have some OK things the book was also a little sad. Some times I think Steve was made to kill herobrine.

I love this book can you please make a new Herobrine the Anti Hero soon? If you do that would be great.

I liked this book because minecraft is my favorite game and this book vividly describes minecraft as if you are in the game. One thing I didn't like about this book is that you can't do all the stuff in minecraft game that 'Steve' is doing in this book.

It was short and I wish it was a little more challenging but other than that I really liked it

Well it's alright I guess but it is like the illuminati because there are no ground in some parts But apart from that it is good. Hamma

great book steve so there goes another brilliant book and I hope book 2 will come out or even better book 3! and you should make diary of steve and his pet ender dragon! that would be so awesome!!!!!!

i LOVED this book!!!! You should get it published!!!!!! Also I agree with Xavier Edwards. I think diary of steve and his pet ender dragon would be cool.
