Charles K. Fink is Professor of Philosophy at Miami Dade College and Co-Director of the Center for Critical Thinking and Ethics. He writes on ethics, politics, the philosophy of life, and Buddhism.

Excellent. Arrived on time.

It came in perfect quality and it arrived quickly.

good

The book was in descent condition. It served the purpose. For the low pricey that ipaid, it was a good buy.

Great little book that conveniently surveys the philosophical and ethical landscapes that divides

people concerning "hot-button" topics like abortion, war, poverty, moral rights, and vegetarianism among other things. Its an easy read so it can be redundant at times, but I imagine that's just Dr. Fink trying his best not to confuse anyone. FYI, he is a college professor and chair of the ethics/philosophy department at Miami Dade College, Kendall campus to be exact.

This book besides its thoroughly been thought out, includes all possible points of view regarding arguments and their controversial matters. Easy readability, wide global stand, makes you think holistically; great as a brain charging pocket book!
