The Child Custody Book: How To Protect Your Children And Win Your Case (Rebuilding Books)

Synopsis

It is almost always in your children's best interest to settle a case "with or without mediation" rather than to litigate in court," said Judge Stewart. His book fully, clearly, and concisely explains the process of court child custody litigation. It shows how custody decisions are made, what can be expected at each stage of the process, and how parents can insure that their abilities are clearly presented to persons with influence over the custody decision. It is intended to eliminate surprises that could lead to costly mistakes along the way. Parents who settle custody disputes out of court will not only save tens of thousands of dollars, but will have avoided the rancor and hostility of a custody trial that makes future cooperation in raising the children almost impossible. With help from a capable and experienced attorney, this book will allow the reader to present her/his case for custody in its best possible light. A must-read for divorcing parents, custody evaluators, family psychologists, and marriage and family therapists.

Customer Reviews

If you're involved in a custody case, you and your lawyer need this book. "Living Solo magazine

Books in the Rebuilding Books series "for divorce and beyond" are written for those considering divorce, going through divorce, or rebuilding their lives after divorce. Inspired by the work of renowned divorce therapist, Dr. Bruce Fisher, the Rebuilding Books offer expert information and

practical self-help procedures. These straightforward, life-affirming resources can help make the divorce process easier, healthier, and less painful, leading to more-fulfilled lives and stronger "second-time" relationships.

Although the information was very unbiased It did not really give the help that it promised when I bought it. It promised to help me win my case to protect my children but what the book really says is if you are a woman and you have custody the man may have a hard time here are some tools to try. I am a women with a a man who has custody and he is law enforcement and he is mentally abusing my children. this book really does not address that issue for me.

A Great must read book, I have bought a few others but this one is by far the best.

My son and I read this and we finally obtained custody of my granddaughter. I would recommend this to anyone in a custody dispute.

good but wish there had been more "meat" to the author's statement's although information is very helpful...even for my custody issue

very helpful

This book was very insightful & informative in regards as to what to expect and how to go about winning your case in a child custody battle when getting a divorce. Definitely worth the money.

Timely shipping, modest price, VG to E condition. Also meets the information needs of my son in his custody battle.

Bought this one too. See my last review for "Custody for fathers". Save the money you would have spent on this book and buy your child something special or make a payment to a good lawyer.
